

STRONGER FAMILIES, STRONGER COMMUNITIES

Vote to Invest in Kids' Earliest Years

On Election Day, vote for candidates who will:

Invest in programs that will double the number of children in high quality child care programs, with an emphasis on children from low-income families of color. 90% of American voters agree government should support early childhood education that is more accessible and affordable to low- and middle-income families (First Five Years Fund, 2016).

Expand the Wisconsin Family Foundations Home Visiting program so the number of children served is doubled.

Support initiatives to provide scholarships to college students studying to become early childhood teachers and increase wages and benefits for qualified early childhood teachers.
